Art Unit: 1724

The following is a quotation of the second paragraph of 35 U.S.C. § 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1, 2, 5, 6, 9, 10, 13, 14 and 17 are rejected under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which Applicant regards as the invention. The term "at least one selected from the group consisting of silver" (claim 1, lines 8-9) is indefinite and/or misdescriptive since: (1) it is not clear what is meant by the recitation of "at least one" when only one member (i.e. silver) is now being recited; and (2) it appears that a "group" must include more than just one member. Also, the term "large" (claims 5 and 6, line 2) is indeterminate in scope, and therefore indefinite. Applicant is advised that an amendment reciting the actual specific surface area (i.e. 950 m²/g) represented by the term "large" (see page 7, line 7; and page 11, lines 14-15 of the specification) would overcome this portion of the rejection.

Claims 1, 2, 5, 6, 9, 10, 13, 14 and 17 would be allowed if amended to overcome the above rejection under 35 U.S.C. § 112.
